Inspirational Away Days for Early Years Staff

Team Building

Problem Solving

Would your setting benefit from time to...

- ✓ Build the team
- ✓ Work on effective communication
- ✓ Solve ongoing problems
- ✓ Focus on the value of working together
- ✓ Discuss how to continuously improve

At **Inspire Away** we understand how difficult it is to get everyone together for staff development or to discuss setting-wide issues, so we want to make sure that you leave your Away Day with positive, long-lasting results.

Sharon Firth has been a trainer and facilitator for eighteen years and will design an Away Day specifically to meet your desired outcomes.

We can offer a number of different team building experiences for you, working with different venues and partners in the area to give your setting an Away Day everyone will remember for a long time to come.
